A warm welcome

It is our pleasure to welcome you to Winchester House, a Barchester care home situated on the outskirts of Rochester.

Winchester House is located in the beautiful countryside of Tonbridge and Malling and close to the historic city of Rochester and the Medway Towns. Our home has a warm and homely environment with a choice of lounges and gardens that offer the perfect relaxing spot for residents to enjoy.

Our team of qualified and passionate staff focus on the individual needs of each person – delivering support and bespoke nursing, dementia and respite care through the use of personalised care plans.

We are proud to provide a delicious selection of seasonal meals and a variety of activities and events, and most importantly reassurance and support for residents and their families.

At Winchester House, providing independence and choice for all is very important to us – that's why we encourage residents to be as active and social as they'd like to be and to personalise their room with their own belongings to help them feel at home.

Care tailored to you

Personalised care plans ensure each person in our care has the support they require from a team of experienced and passionate care staff.

At Winchester House residents are treated with dignity and respect. Our approach to care is based on the use of tailored care plans. These are drawn up with the individuals and their families to identify all care needs.

Each individualised care plan ensures the highest standard of care, dignity and respect for each person.

Nursing care

Our skilled and professional nurses identify your nursing and care needs. A nurse is on duty 24 hours a day to deliver care, and to ensure the quality of care being delivered.

Dementia care

Winchester House provides dedicated care to those living with various stages of dementia. This part of our home provides a comfortable, safe environment, uniquely built to promote independence and build self-esteem.

Our staff receive bespoke dementia training delivered by Barchester's team of dementia care specialists, to reduce distress, increase well-being and improve quality of life for people living with dementia.

Respite care and short breaks

A short break or respite care is ideal for those looking for a bit of extra care, either following a hospital stay, illness or if their usual care is not available. It also gives you the opportunity to see what life is like in our home and if it's the right place for you.
