

Join us at our  
**Open Day**

**Saturday 20th August**

**Peace of mind matters**

The care and support of you or your loved one is always our main priority. Our people are well-trained across a range of skills, and from our dementia care teams to our dedicated activity co-ordinators, we share a commitment to ensuring life is as comfortable and fulfilling as possible.

**Hobbies and interests matter**

Life should be full of everyday joy, which is why we're so passionate about supporting our residents to do the things they love. Culture and life enrichment are at the heart of our home, with a range of partnerships to deliver amazing experiences and regular live entertainment, offering opportunities to discover something new and to connect with others.

**Great food matters**

Nutrition is an important part of our well-being, as is having the opportunity to enjoy the food you love. That's why we develop our seasonal menus around our residents' preferences, with each nutritious plate of food freshly prepared with skill and care by our talented chefs.
