Spring  
newsletter

## Inside this issue

- Hello and Welcome from our General Manager, Anu
- Looking back!
- National Pizza Day
- Pancake Day
- National Women's Day
- Mother's Day Celebrations

## *Hello and Welcome!*

Hello everybody and welcome to our first Spring Newsletter.

Firstly, I wanted to thank you all – our residents, relatives, friends and staff for being so patient and supportive during this time. We are all pulling together and doing our best to make sure that everybody is safe and happy.

I also wanted to let you know that during this time of difficulty, we will be increasing the number of newsletters we publish in order to keep everybody as up to date as possible with the happenings here at Woodland View.

In this newsletter we will be looking back to some of the great events that have happened in the home over the last few months. We can reflect on these great memories. We have also included some of the lovely photos from the brilliant Mother's Day we had.

I hope you enjoy reading about what we have going on here at Woodland View.

General Manager  
**Anu Jose**

## Looking back over the last few months...

### Pancake Day

Pancake Day at Woodland View was a very busy and fun day. We were lucky enough to welcome in our friends at the Essex University Volunteering Union to come and help our residents to make and enjoy some pancakes!

### National Pizza Day

We had a great 'World Pizza Day' making our own pizza designs! The best bit was being able to taste the pizza that you had made!

## International Women's Day!

For International Women's Day, the lovely Peter went round the home to give all the ladies in the home a flower. Residents, staff and visitors were delighted by the kind gift! Thank you Peter for making international women's day so special!

## Mother's Day Celebrations

We had lots of deliveries of flowers, chocolates and cards for the Mothers here at Woodland View.

In the afternoon, the fantastic Karon Black offered to come to perform for us from outside of the home to ensure that the residents were kept safe and entertained! She performed some of our resident's favourite songs completely free of charge and everybody very much enjoyed this lovely surprise.
